

NUCLEONIX – ISRP AWARDS

Nucleonix – ISRP Awards are instituted by M/S: Nucleonix Systems, Hyderabad, a reputed, well-recognised company engaged in design, development, Manufacturing & supplying of Nuclear Instruments and systems.

The primary objective of giving away these awards has been to encourage **experimental research work** by young researchers in universities and National research labs in the field of Radiation Physics and related research areas. Research work can be relating of even developments in instrumentation for radiation measurements. Work presented/published has to be experimental, original and innovative in nature.

Awards category & Prize Money: There will be three cash prizes with “certificate of appreciation”.

1st best Technical paper will receive Rs. 25,000/- and

2nd best Technical paper/poster will receive a cash prize of Rs. 15,000/- and

3rd best Technical paper/poster will receive a cash prize of 10,000/.

Technical paper published/ presented in the conference can be oral talk or a poster paper by an individual or a team involving a research student.

Selection Criteria & Jury:

A three member eminent professors/Scientists appointed by ISRP executive will decide on the awardees selection. Awards will be presented during the conference.

Introduction about Nucleonix system: Nucleonix Systems, founded in the year 1990 has contributed significantly for the growth and development of experimental physics, by supplying widerange of Instrumentation for University Education & Research and also to National Research labs engaged in Research in the field of Nuclear Sciences.

Nucleonix Systems also has been offering package of instruments for Medical/Radiological Physics courses at P.G level in physics and also for M. Tech. (Nuclear Engg.) program for quite some time. Apart from this, Nucleonix Systems supplies equipments in other areas such as, Health Care, Nuclear Fuel Cycle, Industry, Defence and Homeland Security etc.,
